<b>I</b>	<b>Methods of Proof</b>	<b>5</b>
<b>II</b>	<b>Theory</b>	<b>9</b>
<b>III</b>	<b>Practice</b>	<b>11</b>
<b>IV</b>	<b>Problems</b>	<b>13</b>
<b>V</b>	<b>Proof</b>	<b>15</b>

**Part I**

**Methods of Proof**

Since I refuse to rehash stuff that others have done better (read: I'm too lazy to do it better myself), I'll refer you to a couple of resources about how to write proofs properly:

- [How to Write a Maths Solution](#)
- Chapter 1 of the [OTIS Excerpts](#)

Cool, hopefully now you know how to write proofs. Guess that means every time you solve a problem you'll get a 7, right?

# **Part II**

# **Theory**

# Part III

# Practice

# Part IV

## Problems

**Part V**

**Proof**
